

All caregivers will now have the ability to check their schedule online!

*To check your schedule on your computer, go to www.generations.idb-sys.com

*To check your schedule on your smart phone, go to the App store and download Generations Homecare Systems App.

Once you visit the page, enter the following:

Agency ID: Seni6125

Email: (your email address that we have on file)

Password: 5819000

Once you log in, you will be able to access your schedule. Please give us a call if you have any problems accessing your schedule, or if you do not agree with the schedule. Please check your schedule frequently, and communicate with the coordinators if there are any issues.

By allowing our caregivers to check their schedule, we hope to be able to increase the communication between our caregivers and the coordinators, and prevent scheduling miscommunications before they happen.

We hope that this policy is helpful, and assists our caregivers in providing the highest quality service that our clients can trust.

Sincerely,

The SeniorCare Staff
